Nemaha NRD offers free forestry workshop

February 04, 2014 6:03 pm • [Submitted to the Daily Sun](#)[\(0\) Comments](#)

Mark your calendar for a very important workshop on Wednesday, Feb. 19, that will answer all your questions about forestry options, diseases, problems and innovations. Scheduled from 9 a.m. to noon at the Nemaha Natural Resources District office at Tecumseh, the workshop is sponsored by the NRD and the Nebraska Forest Service. Topics will include windbreak conditions and steps to renovation, drought stress and insect and disease issues, planting for wildlife enhancement, and information about the various NNRD programs available. Refreshments will be provided, and there is no cost to attend.

Representatives from the Nebraska Forest Service and Nemaha NRD will be on hand to answer any of your questions and provide information on various other forestry topics. Don't miss this opportunity to talk directly to the experts about your tree concerns and questions.

Pre-registration is not required. For more information about the workshop or in case of inclement weather on the day of the workshop, contact the Nemaha NRD in Tecumseh at 402-335-3325.
