KEY SERVICES PROVIDED:

- technical assistance for forest management, tree planting, insect and disease problems, timber harvest, fuels reduction and other forestry issues
- develop forest management plans for individual landowners
- financial cost-share assistance
- landowner education and training
- link landowners to forest product markets for enhanced rural economies

2009 Program Impacts:

- 338 landowner forestry plans completed
- 1,133 landowner site visits
- 593 acres of conservation tree plantings
- 2,075 acres of forest improvement practices
- $135,382 of cost-share distributed
- $56,058 generated from timber sales
- 4,185 people trained at educational programs

HOW NEBRASKANS BENEFIT:

- healthier, more productive woodlands
- increased income and rural development
- conservation of soil, water and other natural resources
- improved wildlife and fisheries habitat
- protection of homes and crops

The Nebraska Forest Service: Improving peoples’ lives by protecting, utilizing and enhancing Nebraska’s tree and forest resources.
