Does your city have a current tree inventory (within the last 5 years)?	Yes	No
Does your city have an Emerald Ash Borer Response plan?	Yes	No
Does your city have a Community Forestry Management plan?	Yes	No

Specific Project Location (s) (ex: 10<sup>th</sup> street between L and O; Tree Park; Smith neighborhood ROW):

## PROJECT NARRATIVE

Tip: Be clear and brief. Completely answer each question.

**A. Background:** (Clearly state the need for this work, describe how you will positively and directly impact the community forest canopy, and convey the benefits of the project)

**B. Outcomes:** (Clearly describe your anticipated outcomes. These are the measurable results of your actions (how many, how much))

**C. Scope of Work:** (How will your project be implemented? How will you make sure your project is on track? Include sufficient detail about your project activities. Include a description of who is responsible for work and who will be involved. Is there municipal support for the project?)

**D. Sustainability and Resiliency:** (Are community forestry best management practices being used? How will the project be maintained into the future?)

**E. Project Timeline:** (Ensure the timeline is reasonable and specific. Provide a specific timeline with beginning and end dates that show the project is achievable. Describe anticipated quarterly milestones.)

**F. Partners & Engagement:** (Describe the collaborative partners and contributions to the planning, implementation, and management phases of the project. How will this project broaden community engagement?)

**G. Underserved communities:** (How will you ensure that this funding increases equitable access to the urban tree canopy and associated human health, environmental, and economic benefits? How will you ensure underserved communities are included and engaged in this project? (ex: planning, implementation, leadership, etc)
